

**TOWN OF DAVIE  
TOWN COUNCIL AGENDA REPORT**

**TO:** Mayor and Councilmembers  
**FROM/PHONE:** David Quigley, Planning & Zoning Manager/(954) 797-1075  
**PREPARED BY:** Lise Bazinet, Planner II  
**SUBJECT:** Variance  
**AFFECTED DISTRICT:** District 1

**ITEM REQUEST: Schedule for Council Meeting**

**TITLE OF AGENDA ITEM:** VARIANCE - V 4-1-09, Shoppes of Arrowhead, 2541 South University Drive (B-2) (reducing the set back for a freestanding sign from 12 feet 9 inches to 0 feet) Planning & Zoning Board recommended approval

**REPORT IN BRIEF:** The petitioner is requesting a variance from the Land Development Code, Section 12-242 (A)(4), Freestanding Signs, which provides that no freestanding sign shall be closer than a distance equal to the height of the sign to any property line. In this case, a 12 ft. 9 in. setback is required but the petitioner is requesting a zero (0) foot setback from the front (eastern) property line.

The subject shopping center is facing University Drive. However, a secondary right-of-way(Frontage Road) sets the property back an additional 24 feet from University Drive, limiting the visibility of the freestanding signs. The intent of the Land Development Code is to provide adequate distance separation and visibility from the right-of way to the property line for an adequate identification of the shopping plaza.

**PREVIOUS ACTIONS:** N/A

**CONCURRENCES:** At the July 22, 2009 Planning & Zoning Board meeting, Mr. Farkas made a motion, seconded by Mr. Jacob, to approve subject to correcting the plans as discussed. In a roll call vote, the vote was as follows: Chair Turin – yes; Vice-Chair Busey – yes; Mr. DeArmas – absent; Mr. Farkas – yes; Mr. Jacob – yes. **(Motion carried 4-0)**

**FISCAL IMPACT:** not applicable

Has request been budgeted? n/a

**RECOMMENDATION(S):** Other - Staff finds the application complete and suitable for transmittal to the Town Council for further consideration.

### **Zoning History**

#### **Related zoning history:**

Records indicate that the existing Zoning and Future Land Use Plan Map designation were in place at the time of annexation.

#### **Previous application requests:**

*Site Plan Application (SP 12-7-96, Shoppes of Arrowhead)*, At the April 11, 1995 Site Plan Committee meeting this Site Plan Modification obtained approval.

*Site Plan Application (SP 12-7-96, Shoppes of Arrowhead)*, on January 7, 1997, this Site Plan Modification obtained administrative approval.

*Site Plan Application (SP 4-5-02, Shoppes of Arrowhead)*, At the January 18, 2006 Town Council meeting, this site plan for LaSpadas outdoor seating was approved.

**Concurrent Request(s) on same property:** *N/A*

### **Applicable Codes and Ordinances**

The effective Code of Ordinances governing this project is the Town of Davie Land Development Code.

*Land Development Code (Section 12-305), Rezoning, Special Permits, Variances, and Vacations or Abandonment of Rights-of-Way.* The purpose of this division is to guide the processing and granting of rezoning, special permits, variances and vacations or abandonment of rights-of-way in a manner consistent with the Town of Davie Comprehensive Plan, existing development and in a manner which protects the public health, safety and welfare.

*Land Development Code (Section 12-242 (A)(4))* Freestanding signs. No freestanding sign shall be closer than a distance equal to the height of the sign to any property line.

### **Comprehensive Plan Considerations**

#### **Planning Area:**

The subject property falls within Planning Area 5. This Planning Area is bound by Nova Drive on the north, University Drive on the east, and Nob Hill Road on the west. The southern limits are SW 36 Street, on the western portion. This planning area is comprised of residential uses developed at a density of three to 22 dwelling units per acre and commercial development, existing and proposed, along the University Drive and Orange Drive corridors. The Pine Island Ridge, classified as environmentally sensitive, has been preserved within this planning area.

**Broward County Land Use Plan:**

The subject site falls within Flexibility Zone 99.

**Applicable Goals, Objectives & Policies:**

*Future Land Use Plan, Objective 17: Land Use Compatibility and Community Appearance, Policy 17-3:* Each development proposal shall be reviewed with respect to its compatibility with adjacent existing and planned uses.

---

**Staff Analysis**

The following information is staff's analysis (*italic font*) based on the criteria established in the Town of Davie's, Land Development Code, Section 12-309(B)(1) for variance applications:

- a) There are special circumstances or conditions applying to the land or building for which the variance is sought, which circumstances or conditions are peculiar to such land or building and do not apply generally to land or buildings in the same district, and that said circumstances or conditions are such that the strict application of the provisions of this chapter would deprive the applicant of the reasonable use of such land or building for which the variance is sought, and that alleged hardship is not self-created by any person having an interest in the property.

*The subject shopping center is facing University Drive. However, a secondary right-of-way(Frontage Road) sets the property back an additional 24 feet from University Drive, limiting the visibility of the freestanding signs. This condition is peculiar to the shopping center and does not apply generally to land or buildings in the same district.*

- b) The granting of the variance is necessary for the reasonable use of the land or building and that the variance as requested is the minimum variance that will accomplish this purpose;

*The granting of the variance is not necessary for the reasonable use of the land or building. However, it will allow new freestanding signs to meet current code and replace existing pole signs within the shopping center.*

- c) That granting the variance will be in harmony with the general purpose and intent of this chapter and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

*The intent of the Land Development Code is to provide adequate distance separation and visibility from the right-of way to the property line for an adequate identification of the shopping plaza. The proposed freestanding signs exceed the distance separation from the property to University Drive allowing the identification of the plaza.*

---

### **Staff Recommendation**

Staff finds the application complete and suitable for transmittal to the Planning and Zoning Board and Town Council for further consideration.

---

## Planning and Zoning Board Recommendation

At the July 22, 2009 Planning & Zoning Board meeting, Mr. Farkas made a motion, seconded by Mr. Jacob, to approve subject to correcting the plans as discussed. In a roll call vote, the vote was as follows: Chair Turin – yes; Vice-Chair Busey – yes; Mr. DeArmas – absent; Mr. Farkas – yes; Mr. Jacob – yes. **(Motion carried 4-0)**

**JUSTIFICATION LETTER**

**CRITERIA OF SECTION 12-309**

**March 17, 2009**

**SHOPPES OF ARROWHEAD**

**RECEIVED**

APR - 2 2009

Town of Davie  
Planning & Zoning

- (a) The special conditions are that the (4) signs are currently set back from University Drive in excess of 40' and are barely visible from University Drive. If the signs have to be moved back from the *access road* equal to the height of the sign then they become too costly to justify the limited visibility from University Drive and would be of no use to the applicant. The expense of moving the (4) monuments would be so cost prohibitive that the project would have to be cancelled, leaving the shopping center with the signs as they are now. Refurbishing the signs will enhance the look of the center & the signs. The (2) tenant pole signs would become monument signs with a more decorative appearance. The other (2) center identification signs would be refreshed with a new coat of paint & new letters. All (4) old & worn signs would benefit from the refurbishment. The distance between the north center identification sign and the tenant sign is 115' and the distance between the south center identification sign and the tenant sign is 125' which is less than the code required 200'. The (2) tenant pole signs are 230' feet apart and meet code for separation in their current locations. Again the expense of moving the center identification signs further from the tenant pole signs would be so cost prohibitive that the benefit of having them is lost. The applicant is requesting that the signs, that have been existing for many years, be allowed to be restored and renovated with the current setbacks and distance of separation that now exists. The applicant will reuse the existing foundation and poles.
- (b) The granting of the variance is necessary to allow the applicant to continue having, at best, limited exposure to University Drive and is the minimum to allow reasonable use of the land and buildings.
- (c) Granting of the variance will be in harmony and has been in harmony for many past years and will not be injurious, nor has it been in the past, to the neighborhood or otherwise detrimental to the public welfare.

**NATIONAL • REGIONAL • INTERNATIONAL**

**BUSINESS IDENTIFICATION SYSTEMS**  
SINCE 1947

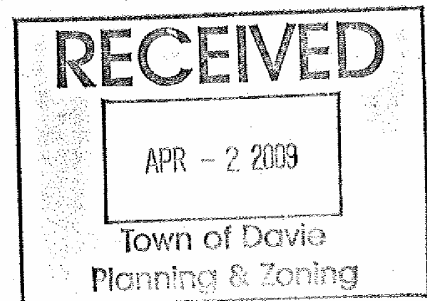

**JUSTIFICATION LETTER**

**REASON FOR REQUEST**

**March 17, 2009**

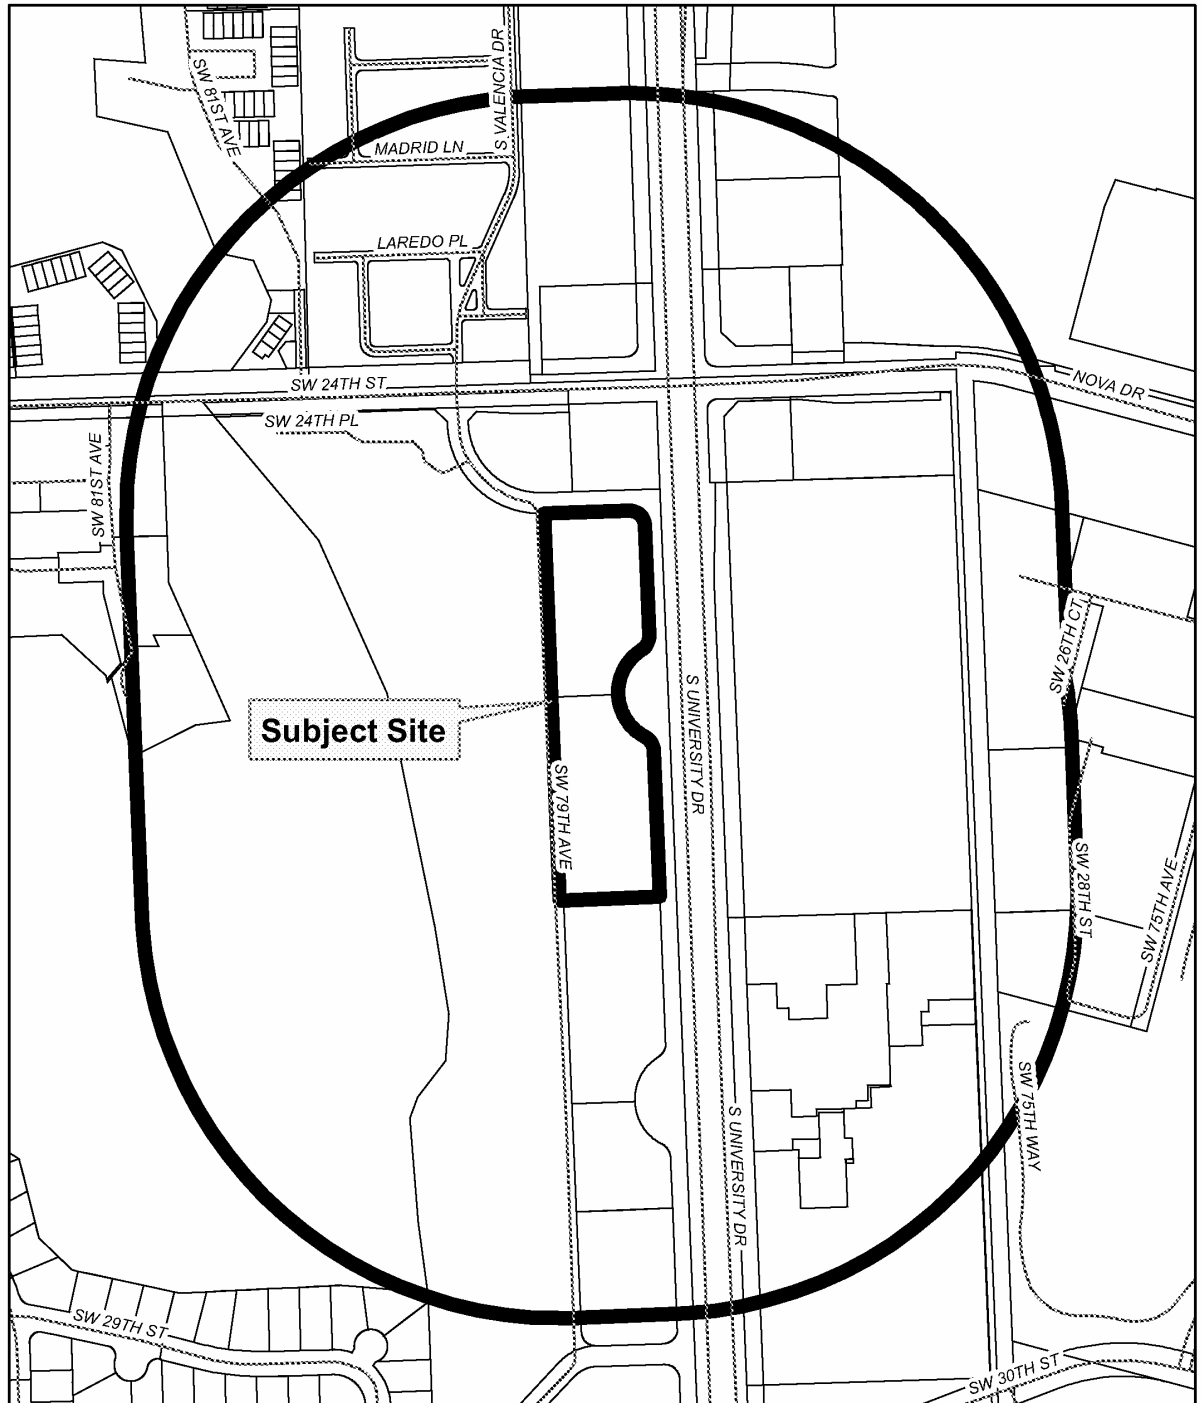

**SHOPPES OF ARROWHEAD**

This is to request that the (2) existing center ID signs and the (2) tenant signs be allowed to be refurbished and restored in their current locations. The (2) pole signs that are no longer allowed by code, when refurbished, will be monument signs and allowed by code in design. All (4) do not have the current required setbacks and the (2) center identification signs do not have the code required separation of 200' from the tenant signs.

### SECTION THRU LETTER @ WALL

TYPICAL REVERSED CHANNEL LETTERS ILLUMINATED WITH LEDS  
STUCCO - CONCRETE FASCIA INSTALLATION: 3/16" x 3-1/2" TAPCONS

- Design, fabrication and construction conform to the following codes and specifications:
  - This Florida Building Code 2004 with various amendments of 2005
  - American Welding Society AWS D1.3 2003
  - Specifications for aluminum Structures by the Aluminum Association (Current Edition)
- Structural Requirements:
  - All bolted connections shall be made with ASTM A325 bolt, or equal.
  - All anchors bolts shall be ASTM A307 or equal (flat and lock washers at nut)
  - All welds shall be made with E70XX electrodes or equal
  - Pits and holes subject to direct contact with earth shall be illuminated or (capit) coated (if not subject to sunlight) and carbonize (if subject to sunlight) in accordance with the manufacturer's recommendations.
  - The electrical installation shall be in compliance with the National Electric Code (NEC 2005)
  - Grounding and Bonding AS PER NEC 250 600-17
  - The design wind speed is 140 mph per ASCE 7-02 with "C" exposure resulting in a design pressure of 47.3 PSF at the designated height above grade.
